

Funky Fusion

This class is open to all sizes of purebred and mixed breed dogs. All dogs are to be groomed in an Asian Fusion Inspired trim with an element of a creative twist.

This popular, modern style of grooming attempts to make the dog look like a stuffed toy or 'anime character. The kind of groom that makes people stop and say "Aww!"

Our Funky Fusion class is open to each groomers interpretation and creativity, but some typical features include short bodies, flared legs, exaggerated expression and a round muzzle.

Competitors are permitted to pre dye sections of their dogs (not the whole dog), feature characters on the chest, back, legs, coat carve shapes, use blow pens, airbrush, glitter and a use range of accessories such as bows, feathers, necklaces, outfits or hats that are pet friendly and do not hinder the dogs movement.

If competitors wish to have four legs groomed differently, or two ears different etc, that is permitted.

Funky Fusion is not about balance or symmetry - it's about the presentation, cute and funky factor!

Our Judge is on the lookout for originality, eye appeal, creativity, difficulty of groom, emphasis on style and the quality of the finish.

Time Allowance - dogs will be measured at the withers.
